

Date: March 10, 2026

**Declaration of non-use of
Persistent Organic Pollutants (POPs)
covered by
Regulation (EU) 2019/1021**

POPs, Persistent organic pollutants, such as pesticides and some industry chemicals, which can be transported across international boundaries far from their sources and persist in the environment, bio accumulate through the food web and pose a risk to human health and the environment. The continuous release of POPs into the environment have been of serious concern to European Union since Regulation (EC) No 850/2004 of the European Parliament and of the Council on POPs entered into force in 2004. After being amended several times, the POPs regulation was cast into Regulation (EU) 2019/1021 of the European Parliament and of the Council in 2019.

Based on a thorough review of material declaration forms and information provided by our suppliers, Lake Shore Cryotronics, Inc. certifies, to the best of its knowledge, that our products are in compliance with the POPs Regulation and do not contain substances subject to prohibitions listed in Annex I to Regulation (EU) 2019/1021 and all amendments up to Commission Delegated Regulation (EU) 2025/1482. We continue to follow the update of the POPs regulation and ensure the conformity of our products.

Please note that Lake Shore makes no warranties, expressed or implied, and assumes no liability in connection with the accuracy of the information provided by suppliers of purchased parts and materials.
