

Date: March 10, 2026

**Declaration of Conformity to
Directive 2011/65/EC of the European Parliament and of the Council
of 8 June 2011 and Directive 2015/863 of 31 March 2015
on the restriction of the use of certain hazardous substances (RoHS) in
Electrical and electronic equipment**

Lake Shore temperature sensors are exempted from the Directive 2011/65/EC (as exemption 26). Temperature sensors comply with the other requirements from Directive 2015/863 other than the Rox™ RX-103A which includes an additional non-exempt material.

Annex IV to Directive 2011/65/EU, Point 26

Lead in the following applications that are used durably at a temperature below -20 °C under normal operating and storage conditions:

- (a) Solders on printed circuit boards*
- (b) Termination coatings of electrical and electronic components and coatings of printed circuit boards;*
- (c) Solders for connecting wires and cables;*
- (d) Solders connecting transducers and sensors*

Lead in solders of electrical connections to temperature measurement sensors in devices which are designed to be used periodically at temperatures below – 150 °C

These exemptions expire on 30 June 2021. However, an exemption renewal is currently under review and the current exemption is valid until a decision is made by the Commission.

On behalf of Lake Shore,
