Declaration of Conformity to
of 8 June 2011 and Directive 2015/863 of 31 March 2015
on the restriction of the use of certain hazardous substances (RoHS) in
Electrical and electronic equipment

Lake Shore temperature sensors are exempted from the Directive 2011/65/EC (as exemption
26). Temperature sensors comply with the other requirements from Directive 2015/863 other
than the Rox™ RX-103A which includes an additional non-exempt material

Annex IV to Directive 2011/65/EU, Point 26
Lead in the following application that are used durably at a temperature below -20 °C under
normal operating and storage conditions:
(a) Solders on printed circuit boards
(b) Termination coatings of electrical and electronic components and coatings of printed
circuit boards;
(c) Solders for connecting wires and cables;
(d) Solders connecting transducers and sensors
Lead in solders of electrical connections to temperature measurement sensors in devices which
are designed to be used periodically at temperatures below – 150 °C

These exemptions expire on 30 June 2021. However, an exemption renewal is currently under
review and the current exemption is valid until a decision is made by the Commission.

On behalf of Lake Shore:

Scott Ayer, Director of Quality and Compliance

Date: 14-APR-2021
