## EU REACH Compliance Declaration

Regulation (EC) No 1907/2006 – Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) – governs the control of chemicals substances and mixtures manufactured or imported to the European Union. It requires chemical manufacturers and importers to gather information on the properties of their substances and to register that information with the European Chemicals Agency (ECHA) if the substances exceed 1 metric tonne per year, unless exempt.

Lake Shore Cryotronics, Inc. is a supplier for scientific research and development in commercial markets, placing articles on the market in the European Economic Area (EEA) through distributors and representatives. On occasion, Lake Shore products are incorporated into other products that are sold in the EEA. As defined by the Regulation, Lake Shore articles and objects are intended for professional, not personal use.

Lake Shore declares that our products intended for the European market comply with Regulation (EC) No 1907/2006 (REACH) and all amending regulations up to the date of issue indicated above.

### Annex XIV – Substances of Very High Concern (SVHC)

Article 33 of REACH requires suppliers of articles containing Substances of Very High Concern (SVHCs) above 0.1% weight by weight to provide users with information allowing for their safe use. Substances of Very High Concern (SVHCs) are chemical substances that pose significant risks to human health and the environment.

Lake Shore products do not contain any SVHCs on the Candidate List in a concentration above 0.1% weight by weight except for Lead and Cadmium not exceeding 1 metric tonne per year in select temperature sensors and electronic components used in temperature instruments. The products do not present any hazard to the end users.

### Annex XVII Restrictions

Annex XVII of REACH contains a list of substances that are subject to restrictions on their manufacture, use, or placing on the market within the EU. These restrictions can vary based on the substance and its application. Lake Shore confirms that our products are in compliance with Annex XVII restrictions. We continue to follow updates to Annex XVII and ensure the conformity of our products.
